nihalgavandi00@gmail.com

NaviMumbai, India

EDUCATION

BTech Computer Engineering
Mumbai University
2020-2024

SKILLS

Frontend Development

HTML5, CSS3, JavaScript (ES6+),
React.js, Next.js, Tailwind CSS,
ShadCN/UI, Responsive Design

Backend Development

Node.js, Express.js, RESTful APIs,
MongoDB, PHP, WordPress

Tools

Git, Vite, Vercel, Google Cloud
Platform

LANGUAGE

English

Marathi

Hindi

About Me

Full Stack Web Developer with hands-on experience in building scalable web applications using the MERN stack, React, Next.js, and WordPress. Successfully completed a Software Associate Internship, deploying production-ready applications on Google Cloud Platform. Skilled in leveraging AI tools like ChatGPT-4 and Google Gemini for problem-solving and optimization. Passionate about creating high-performance, user-friendly interfaces and staying current with latest web development trends.

WORK EXPERIENCE

Oct 24 - Jan 25
Balihans

Software Associate Intern

- Developed and deployed a responsive full-stack web application using the MERN stack (MongoDB, Express.js, React, Node.js)
- Integrated Cloudinary for scalable media hosting and optimized image delivery, improving load times by 40%
- Hosted applications on Google Cloud Platform (Cloud Run) for both frontend and backend, ensuring 99.9% uptime
- Delivered a mobile-first, performance-optimized website with clean, maintainable code following industry best practices

ACHIEVEMENTS & HIGHLIGHTS

- Successfully deployed multiple full-stack applications on cloud platforms (Google Cloud Platform, Vercel) with production-grade performance
- Developed AI-powered search system reducing document retrieval time from minutes to seconds using hybrid search algorithms
- Built scalable web applications using modern tech stack (MERN, Next.js) serving real-world use cases
- Proficient in leveraging Generative AI tools (ChatGPT-4, Google Gemini) for problem-solving and code optimization
- Strong understanding of responsive design principles and mobile-first development approach
