EDUCATION

BE COMPUTER ENGINEERING MUMBAI UNIVERSITY

02/2020 - 07/2024

Higher Secondary Education C.K.T Junior College

06/2018 - 04/2020

Secondary School C.K.T Vidyalyaya

05/2016 - 05/2018

WORK EXPERIENCE

Software Associate Intern Balihans

10/2024 - Present

Achievements/Tasks

- Developed and deployed a full-stack web application using the MERN stack.
- Integrated Cloudinary for efficient media hosting and optimized performance for a seamless user experience.
- Hosted the application on **Google Cloud Platform (GCP)** using **Cloud Run** for backend and frontend services.
- Built a feature-rich, responsive website

SKILLS

HTMLCSSJAVASCRIPTREACTJS

TAILWINDCSSNODEJSGIT AND GITHUB

FIREBASEPYTHONMONGODBEXPRESSJS

PERSONAL PROJECTS

NOTES APP

- We developed a Full Stack Notes App using the MERN stack (MongoDB, Express, React JS, Node JS) with full CRUD functionality for managing user notes
- We have implemented user authentication (Login & Sign Up) using JWT to secure personalized notes access.
- Integrated features like pinning important notes, editing/deleting notes, and a real-time search functionality to enhance user experience.

VIDEO CALLING WEB PLATFORM USING SIGN LANGUAGE

- Developed a fully functional video calling feature, enabling seamless real-time interactions.
- Utilized HTML, CSS, JavaScript, and Python to create a cohesive and efficient front-end and back-end experience.
- Designed an intuitive and accessible user interface for an optimal video calling experience.

EVOLT

- Built with React and Tailwind CSS to ensure a seamless and adaptive user experience across all devices.
- Utilized Firebase for authentication, database, and hosting, ensuring secure and efficient backend operations.
- Demonstrated proficiency in contemporary web technologies and best practices through the creation and deployment of "Evolt."
